

N-MUSD Brings Home the Gold

The California Department of Education (CDE) awarded twelve elementary schools in Newport-Mesa Unified School District (NMUSD) with the California Gold Ribbon Award, in recognition of their outstanding educational programs and practices that contribute to closing the achievement gap.

The Gold Ribbon program replaces the California Distinguished Schools program during the two years that California is developing new assessment and accountability systems. The California Gold Ribbon Schools Award was created to honor schools while the California Distinguished Schools Program is on hiatus as California transitions to new assessment and accountability systems. Traditionally, the Distinguished Schools Program honored public schools that showed improved student outcomes as measured through standardized testing and reporting scores and additional measures.

The Gold Ribbon program is different from the California Distinguished Schools program in that it focuses on recognizing schools that demonstrate academic progress through the implementation of the new State standards.

The seven NMUSD schools in Costa Mesa that were honored with the California Gold Ribbon Award are:

Davis Magnet School

Davis Magnet School was recognized as a Gold Ribbon School for their success in closing the achievement gap, engaging parents and community and use of technology through their project based learning, which focuses on improving achievement in Science, Technology, Engineering and Math (STEM).

Sample project based learning at Davis Magnet School include a rollercoaster challenge, where students create a rollercoaster to learn about motion and force; develop a bio-waste digester,

which teaches students about waste matter, renewable energy, chemistry and more. The project based approach to learning has resulted in 75 percent of Davis students meeting or exceeded English language arts standards and 74 percent meeting or exceeded math standards, based on the Smarter Balanced Assessment Consortium data. These percentages are 39 to 125 percent higher than district, county, and state averages. Learn more about Davis Magnet School at <http://davismagnet.nmusd.us>.

CMHS students travel to New Orleans for history and musical tour

Costa Mesa High School is opening the doors of real world music, history, and arts education in a once-in-a-lifetime trip for a select number of students.
