

Basketball Legend Schea Cotton Inspires Young Athletes at Local Private School

Mariners Christian School athletes had a few reasons to celebrate at their Awards Banquet on Wednesday, March 16: a strong final standing as second place in the League; new uniforms, shoes, and equipment for the entire team; and an extraordinary basketball coach in former All-Star player Schea Cotton.

A previous professional basketball player of 10 years, Schea Cotton was a champion at Mater Dei in 1994 and 1995, touted as one of America's biggest high school talents, and later played in college at Alabama. Through a series of circumstances and events, Cotton's career plans for the NBA did not come to fruition, but he is passionate about sharing his story with others and using his talent to positively impact young people.

Currently Cotton operates the Schea Cotton Basketball Academy for youth. He is also promoting a documentary called "ManChild: The Schea Cotton Story," with a goal of entering it into film festivals such as the 2016 Newport Beach Film Festival. The film explores Cotton's experience as a high profile young athlete and the pressures that come with that status. He hopes to reach young athletes as well as the entire basketball world with his message.

"MCS is extremely fortunate to have Schea Cotton's involvement in our athletic program this year. Beyond his incredible talent and experience, Schea has a strong Christian faith and attitude that is inspiring for our students," said MCS Athletic Director Mac Thompson.

In addition to his role as Head Basketball Coach, Cotton leveraged his connections with the Schea Cotton Foundation, Schea Cotton Basketball Academy, and Doctors of Newport-Mesa Audiology Balance and Ear Institute to secure 17 pairs of free Nike basketball shoes for the team, as well as new warm up t-shirts and equipment.

“It’s been a real pleasure serving as coach for the sixth graders at MCS,” Cotton said. “I felt the season was a real success in that the kids all developed, improved, and came together to play for one another and to glorify God.”

For more information on Shea Cotton and his basketball programs for youth, visit [this site](#).

CMHS Foundation Annual Meeting

The Costa Mesa High School Foundation will hold its annual meeting on Friday, March 25 from 4 – 6 p.m. at the Crowne Plaza Hotel Fireside Lounge.

The annual meeting, which is open to the public, will include an introduction of the new Foundation Board of Directors, a CMHS Arts Academy update, artist showcase and special performances by the CMHS Madrigals and Music Department.

The Foundation was formed in 2003 to manage an endowment donated by CJ Segerstrom & Sons that funds enhanced educational opportunities at Costa Mesa Middle & High School. The Foundation has contributed more than \$500,000 in teacher grants directly from the interest earned on the endowment. In 2013, the Foundation began to fundraise for additional discretionary funding with the annual Gala and Home Tour.

The CMHS Board of Directors includes parents, alumni and teachers, as well as business and community leaders. [Click here](#) for more information about the Costa Mesa High School Foundation, and [click here](#) to RSVP to the annual meeting.

Time for some Easter 'Egg-Citement' this Saturday

Costa Mesa real estate company Torelli Realty is proud to announce its annual Egg Hunt, "**Egg-Citement**" will take place this Saturday, March 26 from 9:30 a.m. to 12 p.m. at Tanager Park.

Torelli Realty has sponsored this event for over 25 years and it is a highlight of the spring season for children and adults alike.

Egg-Citement offers an Egg Hunt that is broken down into age groups for the children. The first round of the egg hunt for children from 2-4 starts at 10 a.m. and each successive age group goes for 15 minutes, grabbing candy and toys, until everyone gets through. There will also be pony rides, a petting zoo with small live farm animals, coloring and jellybean contests, and a bounce house.

The Easter Bunny himself will also be present and available to take photos with all attendees.

Besides being a highly anticipated event that brings the community together, Egg-Citement also gives local schools a chance to do some much needed fundraising. The event and attractions are free, however several local schools/organizations will be selling concessions to raise money for their programs.

City to address School Zone Traffic Calming soon

The Costa Mesa Public Services Department will soon be initiating the construction phase of a much-needed school zone traffic calming project.

This project will target multiple locations throughout the City. The project will include replacement of all school zone warning flashers with solar powered devices and improved intelligent technology, which enables them to be activated when children are in school.

The project also includes installation of 20 radar speed feedback signs that will have built-in technology to collect speed and volume data that will allow city staff to implement future safety upgrades and enable better planning of focused enforcement in and around Costa Mesa schools.

Other improvements include installation of 220 pedestrian count down heads at various signalized intersections in the vicinity of Costa Mesa schools.

Award of a contract for this project by City Council is anticipated in April 2016. Installations would follow in Summer of 2016.

Parks and Community Services presented with prestigious award

Costa Mesa Parks and Community Services staff attended that California Park & Recreation Society (CPRS) annual conference in Long Beach to pick up a big statewide award during the closing gala.

The Costa Mesa staff was one of only seven agencies presented with an “Award of Excellence” for creating community through innovative programming.

The city won the award for its Ranch Afterschool Program, which is a collaboration with the OC Fair & Event Center and the Newport-Mesa Unified School District.

During this unique after school experience, students focus on

agricultural concepts like gardening, livestock, and leather working.

The students have a hands-on experience caring for animals on the Farm which includes: chickens, sheep, pigs, goats, llamas, cattle, and horses.

They learn responsible animal care by cleaning stalls, grooming, and exercising the animals.

Additionally, the Farm dedicates land for each student to create and maintain an individual garden. Students' gardening responsibilities include planting, watering, fertilizing, weeding, inspecting for pests and harvesting their plot.

Agricultural education helps children learn about healthy food choices and teaches them different ways to access fresh fruits and vegetables. Most importantly, students begin to understand the deep impact agriculture has in their lives past, future and present.

“This free program is a true collaboration and would not be possible without the support of the Orange County

Fairgrounds,” said Ashley Ocasio, the city’s assistant recreation supervisor. “This strategic partnership provides many Costa Mesa youth the opportunity to experience an unique after-school program, in which the focus in on agriculture and farming”

The California Park & Recreation Society awards program recognizes outstanding achievement in the areas of facility design, park planning, marketing and communication, and community improvement and programming through demonstrating the principals of resourcefulness, execution, accomplishment and alignment with the parks and recreation mission.

Estancia and TeWinkle Foundation is music to marching band’s ears

Four years ago, the band at Estancia High School was in bad shape.

The musical group had dwindled to a mere six students, the program was run by a temporary teacher and there had been quite a bit of staff turnover over the years.

Then, the Estancia TeWinkle Schools Foundation and Band and Music teacher Stacy Neacsto came marching in and things began to change.

“The Foundation helped us to provide instruments and uniforms as we were retooling the band,” said former Principal Kirk Bauermeister, now a district administrator. “There was no booster club to fund raise and we needed to give these

students and teacher hope for the future.”

Bauermeister said they asked Neacsto and the kids to dream of what the band’s potential could be and then put together a three-year plan for its future.

With the financial help of the Foundation, those dreams became reality.

“The Foundation has always enabled us to dream,” Bauermeister said. “One of the biggest hurdles is money and community support. The Foundation has always been able to provide both. So, if we could dream it and put together a solid plan, we then had a vehicle that could move that dream to a reality.”

The Foundation gives both Estancia and TeWinkle a combined \$50,000 on average each year and additional funding for programs like the band get highlighted at the Foundation’s annual gala, which this year will take place this Saturday March 19 from 6 to 11 p.m. [Click here](#) for more information about this year’s New York-themed gala, which will be held at the Avenue of the Arts Hotel (formerly Wyndham).

“Our fund-a-need raised at the gala has allowed us to give \$7,750 to TeWinkle and \$15,000 to Estancia which is in addition to the \$50,000 we give on average every year between the two schools,” said Foundation Board Member Hydee Beth.

Thanks to Foundation funding, the band has grown so big that it now fills two classrooms. And that’s not all.

At Estancia High School, foundation grants have fully funded the Apprentice Program – a new comprehensive support system for incoming freshmen and provided support for the school’s Puente program for high- achieving Hispanic students.

Foundation grants have funded the purchase of ancillary materials for mathematics, books for literature circles, smart boards, computer labs and cutting edge technology for classroom use, among other things.

At TeWinkle, foundation grants have provided up-to-date technology in nearly every classroom, including smart boards and LCD projectors. Foundation grants have also met the school’s need for extensive Social Study reference materials available for student use in the library.

Formed in 2003, the Estancia and TeWinkle Schools Foundation was made possible through a \$1 million donation from C. J. Segerstrom & Sons. For more information go to ETSFoundation.org or call 949-515-6500.

**Veterans of all stripes
attend Heroes Hall**

groundbreaking

On Wednesday morning March 16, several hundred civic, business and elected leaders, dignitaries and war veterans celebrated the groundbreaking of the new Heroes Hall veteran exhibit that have a permanent home at the OC Fair & Event Center.

“This is dedicated to the honor and sacrifices to those who served our country,” said Michele Richards, the vice president of business development for the fair and event center.

Richards was one of a number of speakers who included board members Doug La Belle and Nick Beradino and Bolton Colburn, who runs the Exhibits and Education Department at the fair and event center.

The groundbreaking duties for what will be the county's first museum dedicated to veterans fell to those who served in wars from Afghanistan to World War II.

Those veterans included one of the last remaining Tuskegee Airmen, Robert Friend, Korean War vet Robert Dugan, Vietnam vet Frank Orzio, Desert Storm vet Douglas Wooley and Claudia Acosta of the U.S. Army.

The OC Fair & Event Center was once part of the Santa Ana Army Air base, a 1,300-plus acre training facility that was active during World War II. That base is now home to the fairgrounds, Orange Coast College, Costa Mesa High School, Davis Elementary and TeWinkle Park.

“As the former home of the Santa Ana Army Air Base, the OC Fair & Event Center is a natural fit for the Heroes Hall Exhibit. We are honored to host this historic exhibit and look forward to seeing it become a reality in the coming months,” the fair’s CEO Kathy Kramer said in a statement.

The exhibit is expected to encompass more than 12,000 square feet with indoor/outdoor exhibit space. The former “Memorial Gardens” building will be relocated and reconstructed as part of the overall exhibit, which will also include memorabilia and tributes to California veterans.

Crews are expected to break ground in March with an expected completion date of Veteran’s Day, Nov. 11, 2016. The exhibit is expected to attract more than 1.5 million visitors each year.

In 2015, the OC Fair & Event Center Board voted in favor of a \$2 million contribution to start the funding efforts for Heroes Hall.

The Board also approved the creation of the Heroes Hall Veterans Foundation to lead in fundraising for the ongoing maintenance and operation of Heroes Hall.

The city of Costa Mesa donated \$25,000 toward the project, one of many local entities who have showed their support.

Mayor's award goes to longtime education leader Kirk Bauermeister

Life-long Costa Mesa resident and Newport-Mesa educator and coach Dr. Kirk Bauermeister received the Mayor's Award at the Tuesday March 15 City Council meeting.

In his 18 year career with the Newport-Mesa Unified School District, Bauermeister is the only person to serve as principal at all four of Costa Mesa's secondary schools, TeWinkle and Costa Mesa middle schools as well as Estancia and Costa Mesa high schools.

Prior to that, he was a coach and the athletic director of Costa Mesa High School.

"This was really an easy one to pick," said Mayor Steve Mensinger, regarding his choice of Bauermeister for this award. "I've never met somebody who is more committed to what he does. He gives us all inspiration."

Bauermeister, who was accompanied by his family, said from an early age he decided to follow in his father's footsteps and

work in education.

“It’s an honor to be recognized by a city that has done so much for me,” he said.

That’s A Wrap! Senior Center Bus Gets An Artsy New Makeover

The Costa Mesa Senior Transportation Program’s bus has recently undergone a makeover. What was once a simple, traditional, white passenger bus is now a colorful piece of art that transports seniors to and from the Senior Center and to personal appointments throughout the City.

The bus has been coined as the “Costa Motion” and now bears the slogan of “Keepin’ Seniors Moving.”

The artistic design, which was created by City staff, incorporates an area for both City program advertising and Conference and Visitors Bureau advertising.

This is just another unique way to promote Costa Mesa as “the City of the Arts.”

The Happy Feet Youth Running Club Sprints Back Into Action

The free fitness program for youth called the Happy Feet Youth Running Club allows local Costa Mesa youth to learn the basics in short and long distance running while participating in fun weekly practices and an end-of-season superhero themed 5K run through beautiful Fairview Park.

The program emphasizes teamwork, goal setting and healthy habits all while having fun exercising.

Each child will receive a free Happy Feet T-shirt as well as a complimentary entrance into the Costa Mesa Community Run.

The first practice and registration day are set to take place this Saturday, March 12 at Fairview Park.

How to deal with an increase in coyotes

With residents reporting a recent increase in the number of coyote sightings in Costa Mesa, we want to again share some tips on what to do to if a resident has a coyote encounter and how to make your home or backyard less inviting to these predators.

The public should keep in mind that historically, coyote attacks upon humans are extremely rare. In a study presented at the 2004 North American Wildlife and Natural Resources Conference, there were only 56 reported coyote-versus-human attacks resulting in injuries in Southern California in the previous 25 years.

This figure is extremely small when compared to an average 4.5 million people who are bitten by dogs nationally each year. While not normally a danger to humans, coyotes will display defensive behaviors if threatened or cornered. Therefore, it is important to leave a comfortable distance between you and a coyote.

Small pets can easily become coyote prey. Cats and small dogs should not be allowed outside alone, even in a fenced yard. It is highly recommended that small pets always be accompanied by their owner. Though coyotes generally hunt between sunset and sunrise, they can be observed at all hours of the day and will not pass up the opportunity for an easy meal. A dog or cat left in a backyard can be taken in a matter of moments.

Many steps can be taken to protect you and your property from nuisance animals like coyotes and other wildlife:

- Fence off animal enclosures (fully enclose if possible).
- Keep cats and small dogs indoors or in the close presence of an adult.

- Feed pets indoors.
- Store trash in covered heavy-duty containers.
- Keep yards free from potential shelter such as thick brush and weeds.
- Enclose the bottoms of porches and decks.
- Eliminate potential food and water sources, such as fallen fruit and standing water.
- Eradication and/or relocation of the urban coyote is not effective. These programs actually provide a vacuum in nature, causing these animals to have even larger litters, ultimately increasing the coyote population.
- Practicing these measures will help minimize the nuisances and losses caused by urban coyotes.
- If you locate an injured or potentially dangerous coyote in Costa Mesa, call CMPD Dispatch at 714-754-5252, or for general inquiries leave a message with Costa Mesa Animal Control Services at 714-754-5311.

For even more information, we encourage residents to watch the following Public Service Announcement regarding coyotes and ways to discourage them.

Rea Elementary Named First NMUSD School to Become AVID Affiliate

Rea Elementary will be the first school in the Newport-Mesa Unified School District to convert to an AVID Elementary and Technology School.

Beginning in the 2016/17 school year, Rea Elementary with the adoption of the AVID program will better prepare its students for college and career success in a global society.

Advancement Via Individual Determination is a global nonprofit organization dedicated to preparing all students for college and other postsecondary options. AVID brings research-based strategies and curriculum to educational institutions that develop students' critical thinking, literacy and math skills across all content areas throughout the entire campus.

Key components of AVID include: student success skills, organizational skills and partnerships. Areas of focus include communication, note-taking strategies, critical thinking, time management and goal setting.

To prepare for the AVID implementation and refinement, Rea Elementary teachers will participate in various training courses and continue to collaborate weekly throughout the academic year.

Specifically they will address content areas in reading, writing and math and the alignment to WICOR (writing, inquiry, collaboration, organization and reading) lessons with a strong emphasis on formative data collection to ensure students are meeting their individual goals.

Along with implementing the core AVID components into lesson plans, Rea Elementary will continue to focus on enrichment opportunities in Science, Technology, Reading, Engineering, Art and Math (STREAM), Visual and Performing Arts (VAPA) and Leadership, aligning all learning opportunities to preparing Rea students for college and career readiness.

For more information, please contact Rea Elementary Principal, Dr. Kalim Rayburn, at 949-515-6905 or krayburn@nmusd.us.
