

The Community Emergency Response Team Program Celebrates 30 Years of Service to Local Area

This year marks the 30th Anniversary of the Community Emergency Response Team program and to celebrate, the Federal Emergency Management Agency partnered with California Volunteers, NBC Universal, and other CERT partners across nation to host a National CERT conference in Universal City earlier this month.

CERT Program Coordinators from Costa Mesa (Brenda Emrick), Newport Beach (Matt Brisbois), Huntington Beach (Brevyn Mettler) and Laguna Beach (Jordan Villwock) were an integral part of the National CERT Conference and have all played key roles in the success of CERT.

The recent CERT conference provided an opportunity to pay tribute to the contributions of the extraordinary community volunteers locally and across the globe, as well as an opportunity to recognize the leaders of the CERT programs they serve locally, and at the state and national levels.

“Brenda, Matt, Brevyn, and Jordan have individually and collectively gone well above and beyond to represent our respective agencies and the communities we serve in an exemplary manner,” Costa Mesa Fire Chief Dan Stefano said. “We are extremely fortunate to have this talented foursome working together to train and develop our CERT volunteers to assist our first responders in making our communities and the entire region more actively prepared for any emergency or disaster.”

CERT program partners from throughout Orange County in fire and law enforcement have supported and taken part in state-sponsored instructor training courses and are assets in the development of citizen preparedness drills and exercises to improve and enhance the resiliency of the people in Orange County.

There are more than 28 Orange County city-sponsored CERT programs including Teen, Campus and Workplace programs registered on the National CERT website. Orange County CERT programs have been recognized nationally by FEMA for their training, best practices activities, and program organization. For additional information on a CERT program near you, please contact your local fire department or law enforcement agency.
