# Costa Mesa Bridge Shelter Partner Profile: Serve the People

Serve the People is a private non-profit organization located in Santa Ana that provides health care services to people who struggle to find a doctor, dentist, optometrist or a counselor for care. Their mission is to provide the physical, mental, emotional and mentoring needs of the poor, children, sick, needy, uneducated, oppressed and lost people regardless of race, religion or gender.

Last week Serve the People coordinated the visit of a Mobile Vision Clinic at the Costa Mesa Bridge Shelter where shelter clients were provided free vision tests and glasses.

Partnerships with organizations like Serve the People allow the Costa Mesa Bridge Shelter team to better serve those experiencing homelessness in Costa Mesa.

Many volunteer opportunities are available at the Costa Mesa Bridge Shelter. These opportunities are an easy way for the public to take an active role and help create positive change in the community. For more information, please contact AlyssaS@mercyhouse.net.
