

Costa Mesa Fire and Rescue adds two fire engineers

Costa Mesa Fire and Rescue Chief Dan Stefano announced that Travis Johnson and Justin Horner, two firefighter/paramedics, were both promoted to the position of fire engineer, a personnel move that has not taken place in the department in over eight years.

“Travis and Justin represent the best of our organization and each has respectively contributed in a variety of areas, while serving the community with extraordinary passion, pride, and professionalism,” Chief Stefano said.

Johnson brings over 10 years of fire service related experience to his new role, inclusive of his most recent nine years split between his current assignment here with us at the City of Costa Mesa and his previous assignment with the City of Escondido, serving as a firefighter/paramedic.

His mechanical savvy, positive attitude, and ability to adapt well in challenging circumstances are characteristics that will serve him well in his new role and will add to the extraordinary strength of the entire Engineer group.

Horner has been a member of the Costa Mesa team since 2005, preceded by service to the Garden Grove and Alhambra Fire Departments as a firefighter/paramedic.

Horner's contributions to the organization, in particular as it relates to EMS, have been instrumental in helping the department move forward and his professionalism is to be commended. He earned a bachelor's degree in psychology from California State University, Fullerton as well as an associate degree from Orange Coast College and was awarded the CEO's Leadership Award in 2014.
