

Costa Mesa Police Department provides response to state and opposes proposed needle exchange program

After conducting a thorough evaluation of a proposal by the Orange County Needle Exchange Program (OCNEP) to distribute syringes in the Westside of Costa Mesa, the Costa Mesa Police Department has issued a response to the California Department of Public Health in opposition to this program.

City and law enforcement officials concluded that the needle exchange program had the potential to increase discarded needles in the city and present a safety risk to residents and others.

“There is a unanimous agreement regarding the potential public safety concerns posed by the OCNEP,” the memorandum stated. “Therefore, CMPD is opposed to implementation of the OCNEP in Costa Mesa at this time.”
