

# Climate change and California's mountain snow pack—how much will we lose?

Water UCI will welcome Dr. Daniel R. Cayan a researcher at Scripps Institution of Oceanography.

Historically, mountain snowpack has provided a crucially important fraction of California's water supply, but with projected climate warming in future decades, it is likely that the snow pack will diminish. This talk will describe the diminishing odds of achieving spring snow water volume that meets or exceeds median historical levels, and the increasing likelihood of extremely low snow water amounts.

# Eggcitement 2016

Torelli Realty Presents EggCitement 2016! Egg-Citement offers an Egg Hunt that is broken down into various age groups for the children. The first round of the egg hunt (ages 2-4 years) starts at 10 a.m. and each successive age group goes for 15

minutes, grabbing candy and toys, until everyone gets through. There will also be pony rides, a petting zoo with small live farm animals, coloring and jellybean contests, and a bounce house. The Easter Bunny himself will also be present and available to take photos with all attendees.

Besides being a highly anticipated event that brings the community together, Egg-Citement also gives local schools a chance to do some much needed fundraising. The event and attractions are free, however several local schools/organizations will be selling concessions to raise money for their programs.
