Field Upgrade Construction Begins at Jack Hammett Sports Complex

The construction to fields 3 and 4 at Jack Hammett Sports Complex began this week and progress has been steady. The upgrades include work to bring the fields up-to NFL quality standard so that the Los Angeles Chargers Football Organization can use the space to host the team’s Summer Training Camp, which will also feature practices that are open to the general public.

The enhanced field space will also benefit the many youth sports leagues that practice and play games at the complex.
