

Grinding and drilling operations to occur on I-405 Improvement Project this week

Grinding operations and drill exploration work will occur intermittently throughout the project area from April 2 to April 7. Grinding operations involve the formation of joints or breaks in a concrete slab by the use of mechanical cutting tools.

Drill exploration is performed to obtain information on the soil and rock around a site in order to design structures. Crews will be on the northbound (NB) and southbound (SB) lanes of the I-405 freeway and on- and off-ramps.

Please see below for specific work locations.

Costa Mesa

Weekday Nighttime Work – 10 p.m. to 5 a.m.
