

It's time for the public to weigh in on the Draft Neighborhoods Where We All Belong documents

The City of Costa Mesa's Neighborhoods Where We All Belong effort will implement several Housing Element programs and rezone Measure K sites to encourage and facilitate homebuilding in our community.

Two rounds of public visioning have been completed as part of this initiative.

In preparation for round three of outreach activities, draft amendments to the Zoning Code, specific plans, some General Plan Elements, and new multifamily and mixed-use objective design standards are available for public review May 18 through June 15 at www.costamesaneighborhoods.com.

Provide comments on the proposed regulations through an online comment form on the project website or by emailing neighborhoods@costamesaca.gov.

Instructions for providing input on the drafts can be viewed here: [Provide Input On The Future Of Costa Mesa Housing](#)

Draft amendments to the Housing Element, including additional sites to be added to the Housing Opportunity Sites Inventory, will be available in early June. The public comment period specific to the Housing Element will take place between June 8 and 15.

At that time, the draft Housing Element will be available on the [project website](#) and www.costamesaca.gov/housing-element-update.

Let's complete the plans together!

Please join us at an Open House to discuss the draft regulations and Housing Element requirements on June 3 at the Costa Mesa Senior Center.

Spanish interpretation, free snacks and refreshments, and a children's art activity will be provided.
