

Maintenance Tech Brendan Carpenter honored with City Manager Leadership Award

City Manager Tom Hatch presented Senior Maintenance Technician Brendan Carpenter with the City Manager Leadership Award at the monthly employee Meet and Greet on Thursday Feb. 22.

“I appreciate Brendan for his hard work and being a great contributor to the city team,” City Manager Hatch said. “He is efficient, has a can-do attitude and always keeps the best interest of Costa Mesa residents his first priority.”

Carpenter has provided five years of professional and dedicated service to the City of Costa Mesa, starting in 2013 as a part-time General Aide. He was hired full-time in 2015 as a Maintenance Worker, and was promoted to Senior Maintenance Technician in 2016.

With the recent departure of the Maintenance Supervisor in the Streets and Traffic Section, the street maintenance staff has had to step up to assist with daily operations to ensure the high level of service that is expected proceeds uninterrupted.

Carpenter has taken on the responsibility of managing the daily work of the city’s sign shop and processing work orders generated by the Transportation Services section. He eagerly accepted the challenge while continuing to fulfill his daily duties manufacturing and replacing signs.

He is managing projects and overseeing the in-house roadway painting program. Some of his recent accomplishments include the replacement of the old-style coyote warning signs with the City’s new updated signs, the Pacific Avenue improvements where the street dead ends at Fairview Park and setting up the field crews that recently completed the installations of the

bike sharrows on East 19th Street.

In addition to honoring Carpenter, City Manager Hatch welcomed five new employees and congratulated three others for recent promotions.

The new hires include Fanni Acosta, a new Human Resources Analyst, Waqas Khan a new Plan Checker in Development Services, Franklin Rodriguez a new Recreation Leader II in Parks and Community Services, Martha Robbins a new Police Department Crime Analyst in Public Services, Fady Ashamalla a new Engineering Technician III.

Hatch also honored Ruben Salas and Juan Santos, who were both promoted to Maintenance Supervisors and Janet Zuazo, who was promoted to Recreation Leader IV.
