

Mesa Verde Branch Library gets roof and window upgrades during Thanksgiving break

Public Services maintenance staff performed roof repairs and completed a window film replacement project at the Mesa Verde Branch Library over the Thanksgiving holiday closure.

The roof repairs addressed the deteriorating metal edge around the facility's perimeter and provided preventative maintenance to the existing roof.

The window film replacement project removed a variety of different types of existing window film tints that presented an overall miss matched interior and exterior. The library's windows were then applied with an energy efficient window film tint that provides an overall aesthetic and functional improvement to the library. Both projects occurred simultaneously and were completed during the holiday closure.
