

Mesa Water District working to restore water service in several locations

Mesa Water District crews are working Wednesday Aug. 30 to repair several water main breaks that caused loss of water service in areas throughout the city.

The first main break happened on Tuesday evening at Costa Mesa Street and Orange Ave, Costa Mesa: Water service was restored by 10 p.m. and crews were still cleaning up on Wednesday.

On Mendoza Street, affected residents have been notified of a water main break and crews are working on restoring service. Mendoza is anticipated to have restored service by 3 p.m. Wednesday.

On Airport Loop reports are that water service is off for two commercial buildings. Mesa Water District staff is talking to customers there and crews are on site assessing.

Water service is on along Meyer Place but will be turned off to make repairs Wednesday. Mesa Water will notify school and residents.
