

New medians coming to Placentia Avenue

The City Council approved moving forward with the Placentia Avenue Median Improvement Project. Public services was able to secure a grant in the amount of \$738,400 from the Federal Highway Safety Improvement Program to begin construction on the project.

The project will result in new landscaped medians on Placentia Avenue between Wilson Street and Adams Avenue. This project will improve the streetscape and also the traffic operations along this corridor. Due to the wide nature of Placentia Avenue, there have been numerous accidents as a result of high vehicle speeds.

Implementation of medians will provide a narrow feel for the street and minimize high-risk accidents.
