Shiffer Park pedestrian bridge refurbished at low cost

Public Services Maintenance staff recently completed the rehabilitation of the pedestrian bridge at Shiffer Park.

The original wood bridge had termites and rotted wood, which required staff to regularly make repairs. The TeWinkle Park Bridge Replacement Project provided an opportunity for staff to salvage material from the existing bridges.

The material was repurposed to replace the Shiffer Park bridge, thereby reducing the cost to replace the Shiffer Park bridge and diverting the debris from a local landfill. The bridge replacement was completed in April and a fresh coat of stain was applied.

Residential street sweeping will be halted next week due to Memorial Day holiday

Due to the observation of the Memorial Day holiday on Monday, May 28, there will be no residential street sweeping the entire week.

This coincides with the Costa Mesa Sanitary District, which also observes this holiday by pushing trash collection back one day.

This results in residential gutter lines being cluttered with trash cans making it impossible for street sweeper operators to do an efficient job.

Street sweeping will resume back to normal schedule starting the week of June 4.

In lieu of sweeping streets, the following are a list of task that clean streets operators will be conducting next week.

- City wide alley street sweeping
- Sweeping of park parking lots and other city owned facilities
- Accident call outs and special request
- Night route sweeping on all arterial streets

For more information, residents can call the city's street sweeping hotline at (714) 327-7471, which has been updated with this information.
