

Program Manager show mercy to Bridge Shelter Clients

Sara is the Mercy House Program Manager for the Costa Mesa Bridge Shelter. She has been a part of the Mercy House Living Centers team since 2011 and has served in a number of different roles, including Case Manager, Community Resource Coordinator, Leasing Agent, Outreach Coordinator, and now as Program Manager.

Growing up, Sara always knew that she enjoyed helping others, and her empathy and dedication were a perfect match for Mercy House. Sara's commitment to assisting those in need is evident in her rapid rise through the organization from intern to Program Manager. She has worked in various programs from providing rental assistance and finding permanent housing for people with disabilities to organizing volunteers and now emergency shelter.

"I have found an even deeper love for my passion here in Costa Mesa since starting at the Costa Mesa Bridge Shelter and I look forward to continuing this adventure with Mercy House and the City of Costa Mesa."

We are happy to have Sara leading the Mercy House team at the Costa Mesa Bridge Shelter and appreciate the hard work and commitment of everyone that is involved at the shelter, including the City in-reach and outreach teams, the Costa Mesa Network for Homeless Solutions, countless volunteers and many community partners.

Thank you Sara and keep up the great work!
