

Public Services looks for bidders for Bristol Street Improvement Project

The Public Services Department advertised the “Bristol Street Improvement project” for construction with a scheduled bid date of Oct. 31, 2016. This much-needed improvement project will extend along Bristol Street from the I-405 Freeway to Newport Boulevard and includes roadway resurfacing, new storm drain catch basins, new landscaped medians, new traffic signal installation, and a storm water diversion project.

This project represents more than \$6.5 million in improvements with funding coming from various sources including Federal, State and County agencies, gas tax and local funds.

This project will provide a smoother ride along this stretch of Bristol Street, better operational conditions for vehicular and pedestrian traffic, and improve the water quality of the Back Bay area by providing treatment for some of the storm water runoff.

Construction is anticipated to begin in early 2017.
