

TeWinkle Middle School named a 2017 California Gold Ribbon School

The State Superintendent of Public Instruction Tom Torlakson recently announced that 275 middle schools and high schools are being honored under the Gold Ribbon Schools Awards Program.

Schools applied for the award based on a model program or practice their school has adopted that includes standards-based activities, projects, strategies, and practices that can be replicated by other local educational agencies. The award acknowledged elementary schools last year.

“These terrific schools are leading the way in embracing our new rigorous academic standards and showing others how to help students succeed on their way to 21st century careers and college,” Torlakson said. “I look forward to traveling the state to honor these schools and to help share the programs, methods, and techniques that are working.”

The Gold Ribbon Awards recognize California schools that have made gains in implementing the academic content and performance standards adopted by the State Board of Education. These include the California Standards for English Language Arts and Mathematics, California English Language Development Standards, and Next Generation Science Standards.

The 2017 Gold Ribbon Schools as well as the 2017 Exemplary Program recipients, Title I Academic Achieving Award Schools, 2017 Green Ribbon Schools, 2017 Civic Learning Award Schools, and the National Blue Ribbon Schools from 2016, will be honored in May during regional ceremonies held in Costa Mesa, Santa Clara, Los Angeles, Visalia, and Sacramento.

Mariners Christian School earns top accreditation

Mariners Christian School has earned the highest accreditation status, a six-year renewal from the dual accrediting organizations of Association of Christian Schools

International (ACSI) and Western Association of Schools and Colleges (WASC).

“Dual accreditation is often more difficult to achieve because there are broader and deeper evaluations of school performance, including a higher requirement for teacher and administrator training, and a detailed focus on biblical elements of instruction and organizational practice,” said Head of School Troy Moore. “When a school achieves dual accreditation, it has demonstrated its ability to meet rigorous standards, both secular and biblical in nature.”

The entire accreditation process required two years of preparation, with Vice Principal Megan Shahabi leading the effort.

The visiting committee from ACSI/WASC, which included delegates from other private schools in the Southern California region, toured the school extensively in April, with a formal accreditation being granted on May 4.

Rea Elementary Named First NMUSD School to Become AVID Affiliate

Rea Elementary will be the first school in the Newport-Mesa Unified School District to convert to an AVID Elementary and Technology School.

Beginning in the 2016/17 school year, Rea Elementary with the adoption of the AVID program will better prepare its students for college and career success in a global society.

Advancement Via Individual Determination is a global nonprofit organization dedicated to preparing all students for college and other postsecondary options. AVID brings research-based strategies and curriculum to educational institutions that develop students' critical thinking, literacy and math skills across all content areas throughout the entire campus.

Key components of AVID include: student success skills, organizational skills and partnerships. Areas of focus include communication, note-taking strategies, critical thinking, time management and goal setting.

To prepare for the AVID implementation and refinement, Rea Elementary teachers will participate in various training courses and continue to collaborate weekly throughout the academic year.

Specifically they will address content areas in reading, writing and math and the alignment to WICOR (writing, inquiry, collaboration, organization and reading) lessons with a strong emphasis on formative data collection to ensure students are meeting their individual goals.

Along with implementing the core AVID components into lesson plans, Rea Elementary will continue to focus on enrichment opportunities in Science, Technology, Reading, Engineering, Art and Math (STREAM), Visual and Performing Arts (VAPA) and Leadership, aligning all learning opportunities to preparing Rea students for college and career readiness.

Second Harvest Food Bank at Adams Elementary

Every school day at Adams Elementary is filled with services to help students learn and grow.

This year thanks to the extraordinary coordination efforts of school community facilitators, Adams has added another service for its school community to expand its wrap around services.

The Second Harvest food bank is a monthly program where families come to the school and participate in a farmers' market style food pantry.

There is no cost for the program, and families leave with more fresh fruits and vegetables than they can carry.

Additionally, representatives from The California Champions for Change provide families with healthy recipes and training on reading nutrition facts on food labels.

Each month, the food bank becomes a gathering place for families to meet each other, connect with their children's school and develop healthy habits that will last them a lifetime.

The food bank is run by volunteers from within the Second Harvest organization and parents from Adams Elementary School.

To find out more about Second Harvest at Adams, please contact Ilse Tabora in the Adams front office.
