Private Costa Mesa School Teacher named as one of the top 25 in county

Mariners Christian School of Costa Mesa announced that its beloved fourth grade teacher, Kristin Knecht of Mission Viejo, was chosen as one of the Top 25 Teachers in Orange County for 2016 by OC Parenting Magazine.

The surprise announcement came in Knecht's classroom, who received balloons, flowers, and cheers from fellow teachers, administrators, and her students.
Knecht has over 20 years of teaching experience in fourth grade, four of them at MCS.

“Mrs. Knecht is dedicated to the idea of fostering creativity, imagination, and finding ways to apply content to the real world to motivate her students. She desires to know the unique dreams and aspirations of each student in the classroom in order to make learning come alive,” said Elementary Principal Reggie Biancalani.

One of Knecht’s educational commitments is to model for her students what it means to be a “lifelong learner” by pursuing professional development opportunities as often as she can.

From attending the California Math Council Conference so that she can teach her students to think like mathematicians, to the latest training on Literacy from Columbia University Teacher College Reading and Writing Program, Knecht is ready to implement top teaching strategies to benefit her class.

She understands the importance of assessing growth as vital data to ensure students are increasing their level of achievement.

Recently she helped implement a new national standardized assessment program called MAP (Measure of Academic Progress) geared towards identifying students’ strengths and weakness in the math, reading, and language.

This year, Knecht served on the school’s accreditation steering committee, the admissions committee, and she is instrumental in co-leading a group of 130 parents and 4th grade students to Sacramento and San Francisco each spring to make social studies come alive.

In addition to being a wife of 17 years and mother to her daughter Riley (an MCS student), teaching is truly Knecht’s passion, and it is not uncommon to find students from years past visiting her classroom for a hug and pep talk.
