

Water main break shuts down Northbound Fairview Street

Northbound Fairview Road (Baker Street to McCormick) is closed due to a Mesa Water District (MWD) water main break.

Northbound traffic will be detouring at Baker Street.

The Bismark Way neighborhood will be affected by the water main shut down.

Public Services is working with Mesa Water District on the road closure, signal timing and traffic control and coordination.

Our Engineering Division will be assessing the road condition and determining the extent of the damage.

The duration of the closure has not been determined at this time.
