

With rainstorm coming, sandbags will be available at City Hall

With inclement weather expected to hit Costa Mesa and Orange County over the coming days, the city will provide residents with sand bags in the rear parking lot of City Hall, located at 77 Fair Drive.

It is a self-service location, and the number of sandbags is limited to 15 per household.

Additionally, Maintenance Services staff will be patrolling potential flooding spots to make sure catch basins are clear of debris and operational throughout the city.
